Madison Hospital Visitation Guidelines

Entering our facilities
• Persons 16 years of age or older may enter with a valid ID. Persons under 16 must enter with an adult.
• You must be free of any of the following symptoms: fever, cough, shortness of breath, loss of taste/smell.
• You must not have been diagnosed with an infectious disease or been exposed to someone with an infectious disease in the last 7 days.
• Check in and out at facility entrances. If visiting a patient with isolation precautions, also check-in at the nurses’ station before entering the patient room.

To keep you informed
• When a patient is admitted, a point of contact and communication plan will be set with a family member or support person (16 years of age or older). Daily updates will be provided to the point of contact, if requested.
• Virtual visitation is available.
• The patient will provide a password for identification so communication can take place between hospital staff and family members.
• Visiting hours end at 9 pm daily with one overnight support person/caregiver if approved.
